

Check Scanner Cleaning Card

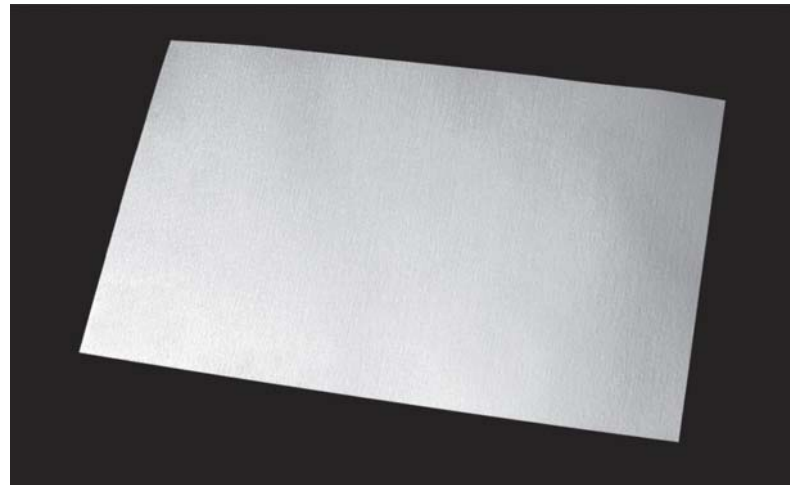

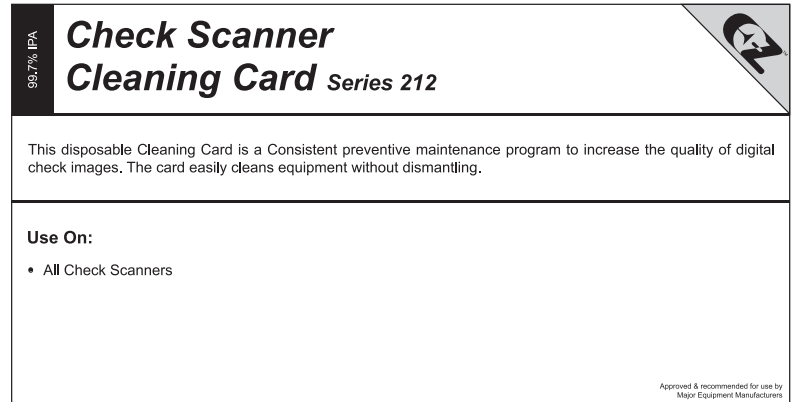

K2-CIB25

This product is designed to maintain a variety of check scanner models. When inserted it will:

- Clean the check pathways
- Clean the check transport belts and rollers

Use as:

- A scheduled maintenance product to prevent poor check scans
- An emergency maintenance product to correct failed scans

How Cleaning Cards Work

Transaction devices, such as card readers and thermal printers, need to be maintained for performance reliability. Cleaning cards safely and easily remove dirt and other contaminants from within these devices without costly outside assistance. Each transaction device requires specific cleaning products to be used as preventive or corrective maintenance.
