

## Waffletechnology Currency Counter Cleaning Card

KW3-CC3625B15WS

This product is designed to clean the rollers, note recognition sensors and belts within currency counters.

When inserted it will:

- Clean the currency pathways
- Clean and burnish the transport belts
- Clean the note recognition sensors

Use as:

- A scheduled maintenance product to prevent misfeeds
- An emergency maintenance product after currency misfeeds

Wonder Solvent

**Currency Counter Cleaning Card Series 212**

Waffle Technology

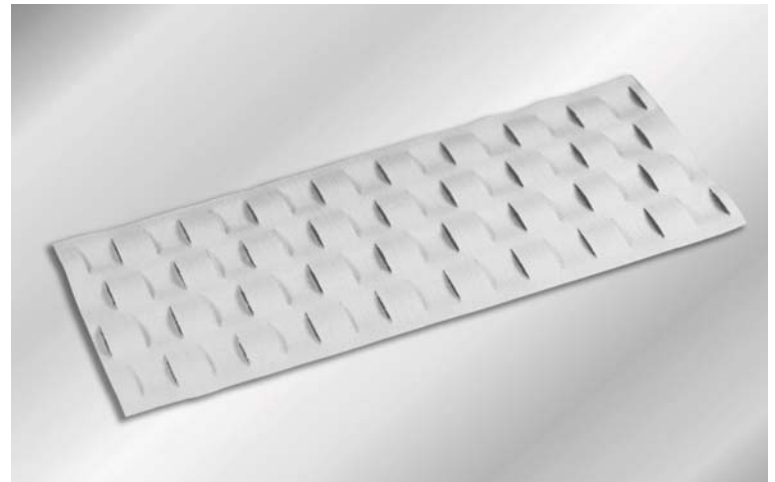

Designed to clean the feed rollers and bill paths of today's high speed currency counters, removing dirt and debris caused from normal use.

**Features & Benefits:**

- Maintains rollers to keep from slipping
- Cleans entire bill pathway
- Cleans note recognition lenses

**Use On:**

- All Currency Counters

## How Waffletechnology® Works

The cleaning waffles are flexible, raised platforms that allow the card to clean previously unreachable areas within the equipment.
